Old Business:

Blood Drive for June 16, 202 was fabulous, 42 units collected due to the fact Vitalant was conducting antibody tests on all collections.

Schiller Park Parks have conflicted signs, NO DOG signs are found in the parks along with leashed pets are permitted! Need clarification.

New Business:

Blood Drive for August was being held as we met, they are predicting a small turn out, as not a lot of reservations.

Discussion of gift cards to increase blood donations, not needed at this time, discuss at October meeting for December drive.

Looked at SP web site to see how they are handling Covid 19 and its spread throughout the village. Was satisfied with the present info.
