WEEKEND-LONG LANE CLOSURES SCHEDULED ON CENTRAL TRI-STATE TOLLWAY (I-294) FOR MAINLINE RECONSTRUCTION BETWEEN WOLF ROAD AND O'HARE OASIS

Split traffic configuration needed on northbound I-294 for ongoing pavement work

DOWNERS GROVE, IL – Extended lane closures are scheduled this weekend on the northbound Central Tri-State Tollway (I-294) between Wolf Road and the O'Hare Oasis for pavement reconstruction work and will include a traffic split between Wolf Road and Franklin Avenue. Delays are expected.

Electronic message signs and construction signage will be put in place in advance to alert drivers to changes in traffic patterns. Up-to-date information regarding lane closures will be available in the Illinois Tollway's [Daily Construction Alert](#). All work is weather dependent.

Beginning at 7 p.m. on Friday, August 12, on northbound I-294 the center lane between Wolf Road and Franklin Avenue and the left lane between Franklin Avenue and the O'Hare Oasis will close to traffic through the weekend, reopening by 6 a.m. on Monday, August 15. Three lanes on northbound I-294 will remain open to traffic throughout the weekend.

Northbound traffic between Wolf Road and Franklin Avenue is currently shifted to the left with one lane traveling on the southbound side in a counterflow configuration.

Once this weekend work is complete, a traffic shift will be put in place on northbound I-294 with three lanes shifted to the right, while leaving the fourth northbound lane traveling in the counterflow configuration. During the week of August 15, northbound traffic will at times be reduced to a single lane overnight in order to complete this shift.

Traffic shifts and counterflow lanes will continue through 2022 as work continues to reconstruct and widen I-294 between the O'Hare Oasis and St. Charles Road, including rebuilding the bridges carrying I-294 over North Avenue, Grand Avenue and the Union Pacific Railroad and constructing the ramps that will connect I-294 to the new I-490 Tollway.

Construction updates, project information, maps and detour information for work that is part of the Central Tri-State Tollway (I-294) Project are available in the Projects section on the Tollway's website at www.illinoistollway.com.

Construction in this area is being coordinated with the Illinois Department of Transportation, the Federal Aviation Administration, Village of Schiller Park, Village of Rosemont, Village of Franklin Park, City of Elmhurst, Village of Berkeley and City of Northlake, as well as local fire and police departments.

Reconstruction and widening work on the northern section of the Central Tri-State Tollway between Balmoral Avenue and St. Charles Road began in June 2018 and is scheduled to be complete by the end of 2024.

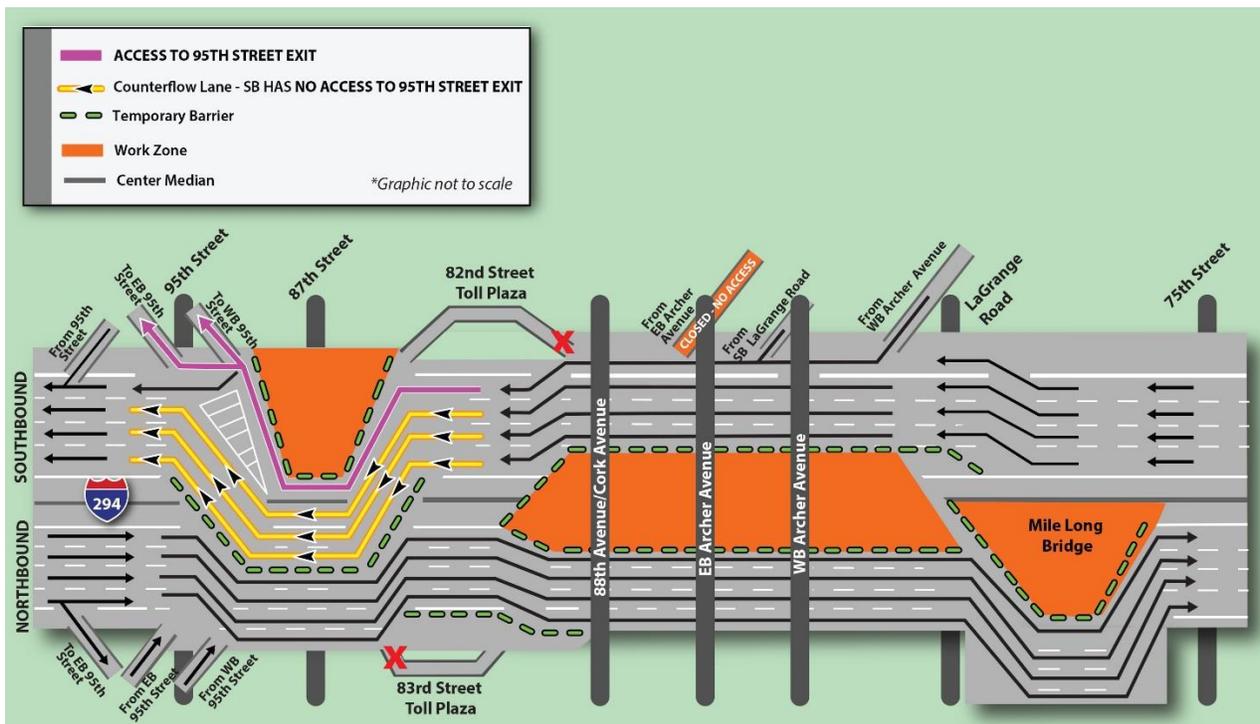

Work in this northern section of the Central Tri-State includes repairing, resurfacing and widening I-294 between Balmoral Avenue and St. Charles Road along with improvements to medians, bridges and ramps, as well as reconstructing the inside shoulders to include Flex Lanes. The Illinois Tollway has

-more-

already completed roadway, bridge and ramp improvements between Balmoral Avenue and the O'Hare Oasis in Schiller Park.

Work in this section also includes construction of the new I-490/I-294 Interchange with two new ramp bridges that will provide access for the new I-490 Tollway and a new southbound exit ramp from I-294 to County Line Road between Grand Avenue and North Avenue. Improvements as part of this project also include guardrail, drainage, lighting and signage installation, as well as landscaping improvements.

The \$4 billion Central Tri-State Tollway (I-294) Project is reconstructing and widening the roadway between Balmoral Avenue and 95th Street to provide congestion relief, update old infrastructure to meet current and future transportation demand and address regional needs. This work is part of the Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*. More than 220,000 vehicles use the Central Tri-State Tollway daily.

Work Zone Safety

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present. On I-294, a 45 mph work zone speed limit is in effect throughout the construction season.

The Illinois Tollway reminds motorists that the "Move Over Law" requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law. The minimum penalty for speeding in a work zone is \$250 with up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker. Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights includes up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

About *Move Illinois*

The Illinois Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 120,000 jobs and linking economies throughout the region. The first 10 years of *Move Illinois* are on schedule and within budget, delivering the rebuilt and widened Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21st century corridor and opening a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the Elgin O'Hare Western Access Project and planning for emerging projects, including reconstruction of the Central Tri-State Tollway (I-294).

About the Illinois Tollway

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
